- **Saint-Joseph (10830 109 st)**

# Success and Advantages for Athletes

A unique opportunity for development following training, designed to excel in both academics and athletics. This program combines rigorous academic standards with comprehensive basketball training, fostering an environment that promotes growth, discipline, respect, and success.

Athletes in the program will benefit from specialized support designed to promote academic excellence.

Customized Individualized Education Plans (IEPs) will be developed to address their unique needs, ensuring consistent academic progress.

An exceptional opportunity for young individuals from diverse backgrounds, including those with special needs, including those academically and athletically. The program is designed to provide inclusive support, tailored resources, and personalized coaching that empower participants to reach their full potential in a nurturing and motivating environment. By fostering holistic development, the initiative aims to cultivate leadership, resilience, and lifelong skills essential for success on and off the court.

So, after numerous negotiations with the conveners and commissioners responsible for several major academic prep basketball leagues, they're allowing us and our athletes to participate through a recognized program like ours to join leagues, showcases, and tournaments.

After extensive negotiations with the conveners and commissioners of several leading academic preparatory basketball leagues, we have obtained official authorization for our program and athletes to participate in these prestigious leagues, showcases, and tournaments. This approval underscores the recognition of our program's high standards and provides our athletes with valuable opportunities to compete at elite levels, gain exposure, and further their athletic and academic development on a broader stage.

# Scholarship Opportunities (support for students and parental assistance)

- By delivering comprehensive support and tailored resources to both students and athletes, our program ensures equitable access to a wide range of scholarship opportunities, including those offered by Division I institutions in the United States. This includes academic advising, athletic development, guidance on the recruitment process, and assistance with scholarship applications, all designed to maximize each participant's potential for securing financial aid and advancing their educational and athletic careers.

By providing personalized support and accommodations tailored to athletes with diverse learning needs, our program actively facilitates their pursuit of university admissions and professional career opportunities. Through dedicated academic counseling, skill development, and access to specialized resources, we empower these athletes to overcome learning challenges and confidently navigate multiple pathways to success. This program serves as a catalyst for their long-term achievement, ensuring that individual differences do not limit their potential in higher education or professional arenas.

## Scholarships Nike

Many of our sponsors, like Nike, will contribute to a special \$5,000 scholarship fund. This will be awarded at the end of the school year to two athletes, one guy and one girl in each age category, in recognition of their academic and athletic achievements on the honor roll.

---

# Requirements

**Coaching &**

**Training Staff**

## **Coach Anthony Richardson**

**Seeks to connect with young people with post secondary institutions to pursue their dreams of university or college education and to play their chosen sport. All coaches have lived and experienced navigating and overcoming the hurdles and barriers to achieving an academic degree in the face of adversity. Now the coaches want to help young people achieve the possible, play the sport they love and to nourish their minds for their adult life at the same time. Hailing from Ontario, brings with him a dominant, strategic, and aggressive approach to the game—fueled by a deep competitive drive and unwavering passion. His development-focused coaching style is designed to prepare each athlete and student for a successful season ahead. Incorporating elements from his Toronto-based roots as well as U.S. collegiate training systems, Coach Richardson emphasizes both offensive and defensive discipline. This unique blend provides our teams with a significant competitive advantage when it comes to game time. Coach Richardson has a proven track record of leading teams to numerous championships, and we are confident that his expertise will continue to bring success this season and in the years to come.**

**We are excited to welcome you and your athlete/student into our community—where development extends far beyond the game. Our program is built on a foundation of trust, growth, and mutual respect, creating a family-like environment where everyone is encouraged to thrive.**

**Together, we will not only focus on athletic and academic excellence but also emphasize the importance of character development, discipline, teamwork, and leadership. Through the support and guidance of our experienced teachers and coaches, each student-athlete will gain valuable life skills that will serve them well both on and off the field.**

**We believe that growth is a journey best taken together, and we are committed to providing a positive, inclusive, and empowering experience for every member of our program. We look forward to being a part of your athlete's journey and to the many successes we will achieve as a united team.**
